

STEM FOR LIFE FUTURE OF ENERGYai SCHOOLS CHALLENGE

Explore, learn and use AI to
create an exciting, new and
innovative product or service!

JOIN US ON OUR JOURNEY TO DISCOVER THE POTENTIAL OF AI!

At ADNOC, cutting-edge AI tools are being used to enhance operations from the board room to the control room.

The **ADNOC STEM for Life Future of ENERGYai Schools Challenge 2025** invites students to explore the diverse capabilities of AI and imagine how it can transform the future!

WHAT IS THE CHALLENGE?

AI tools are unlocking unlimited opportunities to create new value in the economy. Students will use AI tools to design, build and pitch a new product or service based on one of the following competition themes:

REAL WORLD IMPACT:

Build projects that demonstrate tangible benefits for society here and now!

BLUE SKY THINKING:

Imagine the most futuristic and innovative ways AI will transform society!

HEARTS & MINDS:

Use AI to strengthen our communities and connect us to our heritage and traditions!

COMPETITION INFO

- The challenge is open to all students (Cycles 1-3) in schools across the UAE
- Students can compete individually or in teams of 2-3
- Students will submit a 3-minute pitch video showcasing their AI-powered solution
- 9 Winners (3 per age group x 3 competition themes)
- Trophies for each winner
- Certificates for every participant
